

27 September 2017

Dear Parents/Caregivers

## Science Road Show

As part of this year's science curriculum, we have been offered the opportunity to visit the Science Road Show at Maidstone Intermediate School. The Road Show has new and exciting exhibits which aim to generate enjoyment and enthusiasm for Science and Technology, and increase students' knowledge and skills through the many experiences that this exhibit offers.

The Road Show session we are booked in for will take place on Tuesday 17 October from 10:15 to 11:35 am. We will bus to and from Maidstone Intermediate School. Please note that spaces are limited, and we are able to take a maximum of 120 students only. The cost per student is \$8.00.

The programme includes live shows and hands on exhibits that broaden knowledge of science, technology, engineering and mathematics. It strongly supports the Nature of Science Strand and the Five Foundational Capabilities.

As places are limited please send the permission and payment by Friday 29 September 2017. Please ensure all money is sent to school in a sealed envelope which is labelled with your child's name, room number and Science Road Show 2017.

Please contact me if you have any questions.

Regards

Kate Malcolmson
