Kia ora koutou / Warm greetings to you all

Ehara taku toa i te toa takitahi, engari he toa takitina

Success is not the work of one, but the work of many.

Tournament of Minds: With such a busy term, I would like to acknowledge and celebrate the 40 students who participated in the Tournament of Minds program. This is a problem-solving program where teams of students work together to solve two challenges. This required our students to manage their time effectively and to work collaboratively within a five-week timeframe to prepare for the Regional Tournament which was held on Saturday 31st August.

Congratulations to Jess MacGowan, Alex Nelson, Laura Hurren, Dallas Kareko, Zoe Inglis, Isabelle Radcliffe, Melanie Holden who received honours in the Science Technology Engineering Mathematics section.

Overall, our teams achieved second in Language Literature, highest scoring STEM, and scored second highest for the Spontaneous challenge. Although they were not successful in being placed for the National Tournament, judges feedback commended our student's level of collaboration, creativity and high standard of finish. Thank you to the following students for rising to the challenge. We are all proud of your achievement.
